AI Solutions Engineer who builds autonomous systems from the ground up. Created Passion Agent — a 50+ module autonomous AI agent that manages code repos, hunts jobs, drafts content, and self-reflects across a real-time dashboard. 10+ years shipping creative and technical products, from RIAA-certified music videos to Steam MMORPGs to production AI pipelines. Specialized in turning ambiguous problems into shipped, self-sustaining systems.

EXPERIENCE

AI Solutions Engineer & Creative Technologist

Feb 2025 – Present

Freelance / DareDev256 — Toronto, ON

- **Built Passion Agent (v4.26)** — 50+ module autonomous AI agent running 24/7 on PM2 across two machines. Manages 10+ repos, automates job applications via Playwright (Greenhouse, Lever), generates social content, runs self-reflection cycles. Node.js/ES modules, Claude API, Gemini API, Discord.js bot with approval workflows.
- **Built Passion Dashboard** — real-time Next.js 16 web dashboard visualizing agent brain state, 16-emotion avatar with Three.js HUD rings, career tracking, repo health, live metrics via SSE. React 19, TanStack Query, Tailwind v4, Recharts, Framer Motion.
- **Built Passion Memory MCP Server** — Model Context Protocol server providing persistent memory, session handoff, project state tracking, job application tracking, and Discord notifications across Claude Code sessions. SQLite + Bun runtime.
- **Built tdotssolutionsz.com** — immersive 3D music video portfolio with synthwave cyberpunk cityscape (Three.js, React Three Fiber, drei), 101 curated videos (25M+ views), proximity audio, theater mode. Vercel with comprehensive CSP, 383 tests.
- **Built FCPXML MCP Server** — MCP tool enabling Claude to read, analyze, and generate Final Cut Pro XML timeline data for video editing automation.
- Architected RAG systems for automated content tagging, summarization, and classification in production environments.

AI Workflow Consultant & Web Developer

2013 – Present

Edson Legal — Toronto, ON

- Designed and developed the firm's website, modernizing digital presence for lead generation and credibility.
- Built **Barry Edson Legal AI** — CRM with AI-powered intake automation, boosting consultation bookings 40%.
- Implemented n8n-based workflow automation for appointment reminders, follow-ups, and email sequences using Twilio and OpenAI, reducing manual admin tasks 60%.
- Proposed and mapped AI-generated legal content strategy to boost SEO and Google discoverability.

Automation Engineer (Independent Project)

Oct 2025 – Dec 2025

Audi Downtown Toronto — Toronto, ON

- Designed vehicle workflow tracking application improving operational visibility for a high-volume luxury dealership.
- Built Kanban-style system for tracking vehicle states (detailing, service, delivery) with color-coded status indicators.
- Implemented offline-resilient workflows ensuring continued operation during network interruptions.

AI Product & Community Strategist

Jun 2019 – Nov 2025

Nin Online (Steam MMORPG) — Remote

- Led creative and strategic initiatives for a live Steam MMORPG, driving sustained community growth.
- Designed and built NinWikiBot — automated knowledge system reducing documentation overhead. Open-sourced as fandom-wiki-bot-template.
- Drove organic promotion via streamers and YouTubers, increasing reach without paid advertising.

Creative Technologist

Dec 2021 – Feb 2025

Forest Hill Real Estate — Toronto, ON

- Delivered 100+ branded video and photography campaigns for luxury real estate listings.
- Leveraged AI-assisted editing tools reducing post-production time by 35%+.
- Designed AI-tagged content systems improving asset organization, discoverability, and delivery speed.
- Introduced RAG-based prompt workflows for listing scripts and social content.

Creative Direction Intern

Apr 2011 – Sept 2011

BarNet Digital — Toronto, ON

- Shot and edited 15+ large-scale music events including Veld and Digital Dreams under high-pressure deadlines.
- Applied real-time creative feedback to refine visual pacing and storytelling, improving client satisfaction.

Video Producer & Founder

Jan 2010 – Jun 2016

TdotsSolutionsz / KushdUp Filmsz — Toronto, ON

- Founded creative production company for artists including Chief Keef, Migos, and Masicka.
- Built KushdUp Filmsz YouTube channel (30K+ subscribers), later sold and rebranded into 6ixbuzzTV (now 2M+ followers).
- Earned RIAA Gold certification for music video work. 350+ music video projects.

CORE COMPETENCIES

AI & Agents: Claude API, Gemini API, MCP (Model Context Protocol), RAG Systems, LLM Integration, Prompt Engineering, LangChain, Vector DBs, Autonomous Agent Architecture, Browser Automation (Playwright)

Technical: JavaScript/Node.js (ES Modules), Python, React, Next.js 16, Three.js/R3F, TypeScript, FastAPI, SQLite, Discord.js, PM2, Git, Docker, Vitest, Tailwind CSS, n8n, Twilio

Product: Product Strategy, Roadmapping, Stakeholder Management, User Research, Agile/Scrum, Technical Documentation

Creative: Video Production (350+ projects), Motion Graphics, Content Strategy, Brand Development

CERTIFICATIONS

Certification	Issuer	Date
Google Cloud Generative AI Leader Specialization	Google Cloud	2025
Generative AI Engineering Professional Certificate	IBM	Dec 2025
AI Engineering Professional Certificate	IBM	Dec 2025
AI Product Manager Professional Certificate	IBM	Dec 2025
AI Developer Professional Certificate	IBM	Oct 2025
Full Stack Software Developer Professional Certificate	IBM	Jan 2026
Becoming a Strengths Based Leader Specialization	ADP	2025

KEY PROJECTS

Project	Stack	Description
Passion Agent	Node.js, Claude/Gemini API, Playwright, Discord.js, SQLite	50+ module autonomous AI agent — brain cycles, job automation, self-reflection, content drafting
Passion Dashboard	Next.js 16, React 19, Three.js, TanStack Query, SSE	Real-time agent visualization with 16-emotion avatar, career tracking, repo health
tdotssolutionsz.com	React, Three.js/R3F, Vite, Vercel	3D synthwave music video portfolio — 101 videos, 25M+ views, proximity audio
Barry Edson Legal AI	n8n, Twilio, OpenAI, CRM	AI-powered intake automation for personal injury law firm — 40% booking increase
Passion Memory Server	Bun, SQLite, MCP Protocol	Persistent memory + session handoff across Claude Code sessions
FCPXML MCP Server	Node.js, MCP Protocol	Claude reads/generates Final Cut Pro timeline XML
