Music Canada Gold-certified credit · 101 music video projects · KushdUp Filmsz, built and sold · tdotssolutionsz.com — 101 videos · 54 artists · 25.3M+ views

Creative Director with 10+ years leading video production, social content strategy, and brand storytelling across music, entertainment, and digital media. Known for translating bold creative concepts into high-performing content — balancing artistic ambition with commercial delivery, tight timelines, and real-world budgets. Now fused with production AI: the first Model Context Protocol server for Final Cut Pro, real-time 3D web experiences, AI-assisted editing pipelines, and auto-produced launch videos. A unique background combining 10+ years in digital content creation with production AI engineering — bridging creator culture and scalable AI infrastructure.

- **Creative pedigree at scale.** Founded a production company delivering 101 music videos for artists including **Chief Keef, Migos, Masicka, Casper TNG, K Money, KILLY, Haviah Mighty, anders, and SAFE**; holds a **Music Canada Gold-certified music-video credit**. Ran **KushdUp Filmsz** as EP through 2019, then sold it. The buyer rebranded it into **6ixBuzz Premieres**. 100+ luxury real-estate campaigns at Forest Hill.
- **AI-native creative tooling.** Built **FCPXML MCP** — the first AI Model Context Protocol server for Final Cut Pro (95 GitHub stars), now driving a live FCP timeline by natural language. Auto-produced finished launch videos end-to-end (scripted narration via TTS, real-app footage via Playwright, motion-graphic cards, music bed, ffmpeg assembly) and custom-cloned voice agents with ElevenLabs.
- **Web that feels like a film.** Architected **tdotssolutionsz.com** — a cinematic music-video portfolio with a 3D Tunnel catalog (Three.js / R3F / GSAP), theater mode, and audio visualizer; 25.3M+ views represented. Built **ShopBayHQ's Holo Lot** — an interactive 3D showroom rendering hologram vehicles.

EXPERIENCE

Creative Director & Creative Technologist (Founder)

Freelance / DareDev256 · TdotsSolutionsz Inc. — Toronto, ON | Feb 2025 – Present

- **FCPXML MCP Server** — **first MCP server for Final Cut Pro (95 GitHub stars, ~1,600 PyPI installs/month, 1,343 tests)**. Reads, modifies, and generates professional video timelines by natural language — and now **drives a live Final Cut Pro instance** (push-to-timeline, library control via Apple events, verified against FCP 12.2). Brings conversational AI into a professional NLE for the first time.
- **tdotssolutionsz.com** — **"Toronto's Hip-Hop Visual Engine."** Cinematic music-video portfolio with an editorial 3-color palette and a 3D Tunnel catalog (Three.js / React Three Fiber / Vite / GSAP). 101 videos · 54 artists · 25.3M+ views. Theater mode, audio visualizer, shuffle play, fuzzy search. 710 tests / 49 suites.
- **ShopBayHQ — Holo Lot 3D showroom (live at app.shopbayhq.com)**. Interactive 3D vehicle showroom rendering hologram cars with per-model Audi / Mercedes silhouettes via a lazy-loaded Three.js + GLB pipeline. Auto-produced a 78-second launch video (TTS narration + Playwright app footage + ffmpeg).
- **Custom voice agents** — ElevenLabs Turbo + Multilingual v2 voice cloning (30+ languages) shipped in **Sandy Chain-Recall** (Rosewood Sand Hill hackathon, with Joshua Dare) and AI desktop tooling.
- **Hand Playground** — 7 hand-tracking exercises exploring spatial-UI / gesture interaction patterns (MediaPipe + Canvas 2D).
- **AI image & media generation** — Gemini 3 Pro image pipelines (logos, thumbnails, product shots, infographics) integrated into creative workflows.

Creative Technologist

Forest Hill Real Estate — Toronto, ON | Dec 2021 – Feb 2025

- Delivered 100+ branded video and photography campaigns for luxury real-estate listings in coordination with the brokerage's marketing and sales teams.
- Leveraged AI-assisted editing tools, reducing post-production time 35%+.
- Designed AI-tagged content systems improving asset organization, discoverability, and delivery speed.

Founder & Executive Producer

TdotsSolutionsz / KushdUp Filmsz — Toronto, ON | Jan 2010 – 2019

- Founded a creative production company delivering video and brand development for artists including **Chief Keef, Migos, and Masicka**. Oversaw end-to-end production across **101 music video projects** — leading multidisciplinary teams (DPs, editors, colorists, stylists, set designers) across shoots in **Toronto, Atlanta, Los Angeles, Luanda (Angola), and Tel Aviv**, managing remote and on-location crews globally.
- Built and ran **KushdUp Filmsz** as **Executive Producer through 2019**, then sold it. The buyer rebranded it into what is now **6ixBuzz Premieres**.
- Earned **Music Canada Gold certification** for music-video work.

AI Product & Community Strategist

Nin Online (Steam MMORPG) — Remote (concurrent) | Jun 2019 – Feb 2026

- Directed art / gameplay content and creator-driven growth for a live Steam MMORPG (1,000+ reviews); drove organic reach via streamers and YouTubers. Built **NinWikiBot** — automated knowledge system, open-sourced as a reusable template.

Lead Developer (Contract)

BetMetrics.ca — Toronto, ON | May 2026 – Present (recurring retainer)

- Lead developer on a multi-sport platform for a paying client — 377+ users, real-time data surfaces, design system, AODA accessibility pass. Stack: Next.js 16, React 19, Convex, Vercel.

AI Workflow Consultant & Web Developer (Concurrent Client)

Edson Legal — Toronto, ON | 2013 – Present

- Designed and developed the firm's website and AI-powered intake automation (bookings +40%) under Law Society of Ontario confidentiality requirements. 12+ year relationship.

CORE COMPETENCIES

Creative & Production: Video Production (101 projects), Direction, Motion Graphics, Color, Editorial & Brand Design, Content Strategy, **AI-Assisted Editing, Auto-Produced Video** (TTS + Playwright + ffmpeg), Music-Video & Luxury-Listing Production, Music Canada Gold-certified credit

Production Tools: Final Cut Pro, DaVinci Resolve, Color Finale Pro, Adobe Creative Suite, Figma · Sony FX3, Sony A7RV, Godox & Amaran lighting · Midjourney, Seedance, Runway, n8n

Creative AI & Real-Time Web: **FCPXML MCP** (Final Cut Pro automation), Three.js / React Three Fiber, GSAP, WebGL, **ElevenLabs voice cloning** (Turbo + Multilingual v2, 30+ languages), **Gemini 3 Pro image generation**, Web Audio API, shader / 3D scene work, Remotion (programmatic video)

AI & Agents: Claude API (Opus / Sonnet / Haiku), Anthropic Tool Use, **Model Context Protocol (built / published servers)**, Multi-Agent Orchestration, Verifier-Loop architectures, RAG, Prompt Engineering, Structured Outputs, SSE / NDJSON streaming

Technical: JavaScript / Node.js, TypeScript, Python, React 19, Next.js 16, Vite, Convex, Vercel, Git / GitHub Actions, PM2, Tailwind 4

EDUCATION & CERTIFICATIONS

Credential	Issuer
